GSL Report

Over the last year, I am happy to report that we had an excellent year for the Group and Explorer Unit with the numbers of young people increasing particularly, with the opening of our second beaver colony.

As you will know this is the last AGM I will attend as GSL as I am standing down after 18 days short of 10 years in the role. However, I will be continuing in scouting in various other roles and continue to support the Group.

I would like to thank all Leaders, the Executive Committee and all the other adults (past and present) for their support, hard work and commitment.

To ensure the Group's success we need adults support and please consider this take on words from President John F Kennedy:

"My fellow Parents, ask not what your Group can do for you, ask what you can do for your Group."

Thank you.

Bryan McGaw

Group Scout Leader
